Dear Shareholders and Investors,

I am truly excited to share with you our strategic plan for 2025-2028 titled “Strategy 2028 – Value & Growth”

Over the last few years, we successfully tackled multiple challenges including geopolitical tensions, inflation, credit holidays and negative impacts from FX mortgages. We were able to outperform most of the strategic ambitions set in our previous plan, confirming our long-standing track record of successful execution.

As we enter the new cycle, Bank Millennium has a very strong retail franchise with over 3 million active customers, a highly profitable and efficient business model based on modern and digital-first banking platform, and a solid capital position. In addition, we possess a set of distinctive capabilities that we will leverage to further accelerate our performance: a proven customer acquisition model, best in class quality of service, leading digital CX and advanced technological capabilities.

Over the next four years, we expect Poland to extend its trajectory of economic growth providing an attractive environment for banking. Lending volumes will grow at a sustained pace while the expected decrease in interest rates will generate a progressive shift from liabilities to assets as the key revenue driver for banking sector.

In this context, we will deploy an ambitious strategy. In retail banking we will continue to grow our business with the target to reach 3.7 million active customers. We will focus on delivering more value to our customers and as a result will increase substantially primary relationships.

In corporate banking we aim at doubling the scale of our business by targeting mid-corporates with a new service model and a streamlined credit process, by unlocking the full-potential of leasing and by offering a digital-first service model and dedicated value proposition to small businesses.

While pushing for growth, we will continue to apply a strong cost discipline (C/I of approximately 37 percent in 2028) and to focus on risk management (NPL ratio below 4 percent in 2028) and capital solidity. This will allow us to deliver a significant increase in profitability (ROE of approximately 18 percent in 2028) and to return to dividend distribution from 2027¹.

Sustainability will play a central role in our strategy as, beyond executing on our targets and commitments, we will support our customers in their transition to a low-carbon economy (PLN5 billion in sustainable finance new origination). Our strategy will also be enabled by relevant investments in our most important assets: people and technology. We will position Bank Millennium as the most attractive employer for top talents across areas strategically important for us. On the technology side, we will continue implementing innovative technological solutions, i.e. our cloud journey to become a data-driven organisation or general adoption of AI.

To summarise, our ambition is to embrace innovation, digitally delivering top-quality services, to be the primary bank for individuals and companies in Poland. I look forward to our new chapter of growth and sustainable value creation for all our stakeholders.

Joao Bras Jorge
CEO Bank Millennium

1) Dividend to be paid from 2026 profits, contingent on regulatory environment

Unleashing potential: Our vision for ambitious growth

Cost / Income ¹	42.8%	→	32.3% ✓
Adjusted Return on equity ¹	11.0%	→	18.8% ✓
Non-performing loans	4.4%	→	4.5% ✓
Share of gross ² FX mortgage in bank loans (%)	14.6%	→	9.3% ✓

1H2024 RESULT vs. FULL YEAR RESULT IN 2021

...even despite external impacts, that were not assumed in previous strategic plan:

- War in Ukraine, disrupted global supply chains and higher inflation
- Disputes on rule of law and delayed EU funds for Polish companies, impacting credit demand
- Challenging legal and regulatory environment (e.g. credit holidays)
- Continuation of negative developments in FX mortgage portfolio
- Extraordinary charges related to credit holidays and Institutional Protection Scheme (2022)
- Rise in employment costs, driven by inflation, low unemployment and regulatory requirements

”

Due to capital constraints, from 07.2022 to 06.2024 Bank Millennium was operating under Recovery Plan and Capital Protection Plan regime

1) Excludes FX-Mortgage related costs as well as positive and negative non-recurring items;
2) Before deduction of FX mortgage legal risk provisions

Bank Millennium has built substantial, unique capabilities to facilitate growth

Bank Millennium core capabilities

Proven model for customer acquisition

- **Experienced acquisition team** with a proven approach

Bank Millennium is ready to navigate and mitigate dynamic shifts driven by potential banking sector turbulence, regulations and risks

Key risk factors in Poland

Description

Legal and Compliance risk

Dynamic and challenging legal & compliance environment of the banking sector in Poland requires **constant monitoring of regulatory changes** and **fast adoption of new regulations**

FX mortgage

Risks from **remaining FX mortgage disputes**, while still present, are believed to have passed their peak and are decreasing, though they continue to pose **legal, financial, and reputational challenges** that require active approach and management in order to pursue and achieve **resolution through ongoing negotiations**

Benchmark (WIBOR) reform

WIBOR reform poses **legal, financial, and operational risks** and requires **careful management of the transition** and **comprehensive stakeholders communication** to mitigate potential disruptions

Consumer Protection

Increased consumer protection driven by local and European regulatory environment introduces **compliance, financial, and reputational risks**, necessitating **sectoral proactive dialogue with regulator** and **early identification of potential impacts** of new requirements

Capital & Long-Term Funding Ratios

Potential **increase of capital requirements**, driven by local and European guidelines, alongside the need for **additional bond issuance** to meet the new long-term funding requirements by the end of 2026

03

Roadmap to our 2028 goals

Our strategy has a vision for fostering growth across segments

Ambition

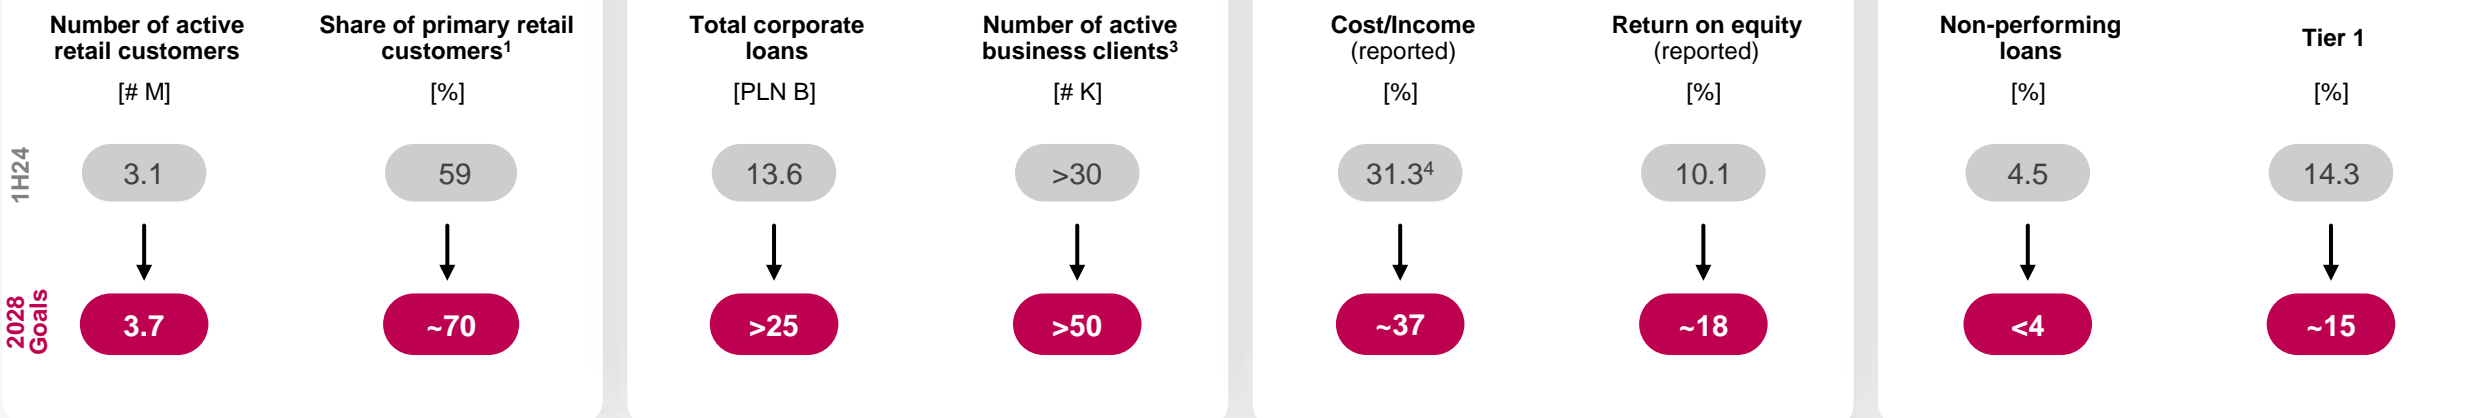

We embrace innovation, digitally delivering top-quality services, to be the primary bank for individuals and companies in Poland.

Keep growth in retail banking leveraging primary relationships...

...and doubling business scale in corporate banking...

...to ensure sustainable profitability and generate long-term value for shareholders...

...while securing a solid risk and capital position.

Additional goals

Leader in corporate and retail NPS

Digital business model >95% digital active clients

Maintain Top Employer status

Return to dividend payments from 2027²

People and culture

Technology & Resilience

Digital & operating efficiency

Compliance & Risk Management

Sustainability & ESG

1) Primary individual customers defined as customers (18+) who use Millennium Bank as their main bank and meet certain transaction, product penetration and portfolio value thresholds
 2) Dividend to be paid based on 2026 profits, contingent on regulatory environment
 3) Total number of Small Business and Mid Corporate clients segment, excluding SOHO (Sole Traders) companies reported in retail segment.
 4) Excluding credit holidays, FX mortgages related costs and linear amortization of BFG.

We have an ambitious strategy to transform from a small-scale player to a strong challenger in corporate banking

What we want to achieve

Reach **>17 thousand mid-corporate clients**, while maintaining **leading NPS** (currently #2)

Double **total corporate loans¹** portfolio by 2028, increasing market share to **over 5 percent**

Increase share of **investment loans** to **over 25 percent** of corporate loans sales

Accelerate growth of **leasing** portfolio, aiming to grow by **over 70 percent** to **~PLN12 billion** by 2028

Reach **7 percent market share** in credit production for small businesses

The impact of which will be a significant growth across several KPIs

Total corporate loan volume¹, 2023-2028 (PLN B)

Total corporate deposits, 2023-2028 (PLN B)

Number of active business clients, 2023-2028 (# k)

Digitalisation of key customer journeys, 2023-2028 (%)

We have identified initiatives to accelerate corporate customer acquisition and boost the penetration of key products

CORPORATE STRATEGY

Drive mid corporate companies primacy and acquisition

Acquire **targeted clients** and aim to foster **primary relationship** leveraging **superior CX** (leading NPS), further **digitalisation** and growing **transactional banking**

Top3
Corporate NPS

Upgrade sales & service model for mid size companies

Re-design process with enhanced SLAs and overall customer experience, introduce a **new CRM system** and strengthen salesforce capabilities (more RMs and Business Analysts)

2x
Corporate loan portfolio

Push investments loans offensive

Grow investment loans through **fast-track** loan approval **targeted to** specific industries, expansion of EU funding and energy transition **support**

Digitally active clients

¹ SOHO defined as unlimited liability companies with under PLN10M in revenue (primarily self-employed with B2B contracts)

We have identified the key success enablers underpinning our strategic growth

Success enablers

01

People & Culture

- Ensure **robust talents and development offer** to support strategic priorities
- Increase the attractiveness of the Bank as a place to work to keep **Top Employer** position
- Keep **competitiveness and compliance of remuneration** strategy
- **Enhance values and culture** to support new strategy
- Constantly **improve HR services**

02

Technology & Resilience

- **Rebalance strategic priorities** towards new areas
- Promote **cognitive banking** and institutionalise use of AI
- Continue strengthening **technological and organisational resilience**
- Advance the journey towards **cloud adoption and integration**
- **Empower widespread data use** and capitalise on data pools
- **Develop next gen systems** for pioneering solutions

03

Digital & Operational efficiency

- Continue plan to **further improve digital capabilities** in sales and service to keep offering a top CX
- Continue **retail distribution optimisation** and leveraging digital-first business model
- **Continue automation** supported by processes **optimisations**
- Expand and **strengthen effective way of working model** to deliver new products and services faster (time-to-market)

04

Compliance & Risk management

- Mitigate legal risks and ensure regulatory compliance (**WIBOR reform, FX mortgage, AML, KYC**)
- Focus on **cybersecurity** to prevent financial losses and maintain operational continuity
- Mitigate risks under current **consumer protection environment**
- **Credit Risk management** based on solid credit decision principles

05

Sustainability & ESG

- Targeting **carbon neutrality** (Scope1&2) and **PLN5 billion sustainable finance** origination
- Social factors focused on creating **attractive workplace, inclusive and accessible banking** as well as further **engagement in the community**
- **Strong governance model** (including enhanced ESG risk management)

Our HR strategy focuses on driving ambitious goals supporting business strategy while engaging employees

01

Ensure talent acquisition and development plan match key strategic goals

- Acquire **talents for strategic business lines**
- Develop new **onboarding process**
- Create and deploy **development process for strategic areas**

02

Increase the attractiveness of the Bank as a place to work

- Maintain **Top Employer** certificate
- Keep **increasing satisfaction of employees**
- Maintain Bank Millennium as **inclusive and well-balanced workplace**

03

Keep competitiveness and compliance of remuneration policy

- **Mitigate the attrition** of staff
- Keep **competitive remuneration policy** versus the Polish banking sector
- Further develop remuneration policy under **ESG and transparency standards**

04

Elevate values and culture to support new strategy

- **Adjust culture** to internal and external changes
- **Refresh and amplify the culture** by redefining and communicating the vision, mission and values
- Continue to build **lifelong learning culture**

05

Constantly improve HR services

- Further improve **employee experience** by introducing **digital employee services**
- Design and implement a service model based on **HR business partners**
- Keep **optimising HR processes**

To support our strategic initiatives and organisational resilience we have created a clear plan for technological development structured into 7 key areas

Rebalancing of strategic priorities

- Ringfence corporate teams to accelerate segment development
- Support ambitious corporate appetite through the **introduction of new credit workflow and corporate CRM**
- Enhance corporate digital channels, in line with the new strategic ambitions
- Dedicate technology capacity for AI platform development

Cognitive Banking

- Promote and **democratise use of generative AI** across the entire Bank Millennium Group, ensuring all employees can leverage their capabilities for efficiency and growth
- **Accelerate adoption** of AI and ML by expanding use cases and access
- **Integrate AI-enhanced components into both front-end and back-end processes** to streamline operations and enhance user experience

Resilience & CyberSec

- **Constantly enhance technological and organisational resiliency** to protect the Bank and the Bank's clients from current and future risks
- Continuously **expand ICT risk management capabilities** to keep the pace with new physical and digital threats

Cloud as an enabler

- Progress with **value-add selective journey** to the cloud with SaaS and PaaS models to benefit from existing solutions
- **Ringfence cloud adoption team** to enable faster capability development
- Educate, learn and evolve approach

Legacy transformation

- Introduce and apply **transformation roadmap for legacy and mature technologies** to keep the pace of digital evolution (incl. core system)
- Promote and broaden adoption for initiated & implemented next-gen platforms

Data Driven Org.

- **Promote end-user cloud-based data reporting** for on-line data search and analysis
- Build & master **risk data analysis** for accelerated growth
- Move data to the cloud for effective cloud solutions

Next Gen solutions

- Keep the pace with introduction of innovative **services strengthening customer acquisition & primacy**
- Create and deploy enablers to accelerate evolution across all business and support lines

We plan to further improve our digital capabilities in sales and service to keep offering top Customer Experience

The Innovators

Best Digital Bank Award

Best Mobile App and Online Banking

Best Bank for Digital Solutions

Nominated for Mobile Business solutions

Best multichannel service and app

Best Consumer Card initiative

We have pinpointed critical actions and goals to enhance operational efficiency

Keep ensuring business digitalisation

- Developing tools and strategies to **improve customer engagement with digital platforms**, encouraging more frequent and meaningful interactions
- Developing platforms to facilitate seamless, **real – time communication and collaboration between clients and the bank**
- **Aiming for an end-to-end digital overhaul to optimise CX and operational efficiency** across bank's services

Further retail distribution network optimisation

- Continuously **optimising** relatively high **number of branches** (3rd largest network)
- Shifting value added customer service to **remote experts (affluent, SOHO, mortgage)**
- **Effectively utilising voice and chat bots** with high rate of cases fully completed for the customer.

Continue improving efficiency of product & process development

- Further automating back-office processes leveraging **RPA & other low code solutions**
- Governance model for new processes aligned with **omnichannel and customer view** (based on Customer Journeys)
- Improve **time to market** to stay competitive and capitalise on opportunities

Optimisation and automation of central functions

- **Modern & digital workplace** supporting daily work efficiency (scaled usage of MS 365 environment, now supported also by genAI-enabled Co-pilot), with adoption to be accelerated via upskilling trainings
- **Central and on spot cost optimisation projects to avoid non-value-added activities** based on potential identified through the cyclical evaluation and market benchmarking

Our risk and compliance strategy focuses on early identification and mitigation of potential risks and ensuring regulatory compliance

Mitigation of legal risks in the Polish banking system

- Constant monitoring of **changes in the law**
- Constant monitoring and actions regarding **contractual documentation** used by the Bank

Mitigation of potential changes by consumer protection / UOKiK

- Active and impactful participation in the **sectoral initiatives** (incl. Information campaigns) and **dialogue with regulators**
- Early **impact identification** and project definition

Mitigation of compliance risk from changing regulatory environment

- Impact **identification** and **project definition**
- Participation in the **sectoral initiatives**
- Continuation of the **internal processes' improvement**, including the update of customer information and **KYC**

Credit risk management

- Keep **disciplined underwriting** credit policy
- Continue **robust recovery process**
- Ensure low NPL target and CoR adequate to changes in loan structure

Mitigation of cyber-security (ICT) risks

- **Digital frauds** – continuous technological and operational adaptation to evolving threat vectors based on operational roadmap
- Tech & Org exposure to **organised threat actors**: development of skills / tech / processes for prevention, detection and reaction

Mitigation of capital management risks

- Prepare for **implementation of CRR III**
- Continue **securitisation program** to efficiently manage risk weighted assets
- Continue to require **strong collateralisation**

Our ESG strategy is supported by concrete goals

ESG Goals

E nvironment

Carbon footprint

Moving towards 'net zero' emissions.

- Carbon Neutrality (Scope 1&2) by 2030¹
- Net Zero (incl. Scope 3) by 2050

Sustainable finance

Supporting customers' transformation and growth by providing sustainable financing.

- PLN5 billion planned to be earmarked for sustainable finance new origination

S ocial

Top employer

Maintaining the well-being and professional development of employees. Promoting diversity, equity and inclusion throughout our business activity and beyond.

- Keep increasing the satisfaction of employees
- Maintaining Top Employer certificate

Inclusive and accessible banking

Making sure every person can safely and securely access and use our financial services considering the diversity of customers.

- Expand the offer for young customers
- Continued cooperation with external expert institutions in maintaining high accessibility in customer service channels

Community engagement

Supporting local businesses through financing and providing business tools. Engaging employees in local community activities and promoting cultural development.

- Expand the portfolio of SOHO and small businesses
- At least one grant program a year

G overnance

ESG risk management

Developing methodologies to measure financial effects of ESG risks. Refining processes of ESG risk management with contribution to the transition plan.

- Successful completion of EBA & own climate stress test within specified dates
- Implementing the framework for assessing anticipated financial effects by 2025

Best-in-class governance

Strong organisation pillars built on high ethical standards. Mature ESG governance supporting sustainable growth and compliance with regulations.

- Timely implementation of new ESG regulations
- Further enhancement of ESG disclosures, compliant with the trajectory of reporting requirements

Our ESG strategy will drive positive impact on the market, environment, and people

ESG Actions

E nvironment

Carbon footprint

- Further **energy and water efficiency** initiatives for branches
- Increasing share of **zero-emission vehicles**
- Maintaining **100% electricity** with **guarantees of origin**
- Adopting **the transition plan** (including decarbonisation targets and actions) by 2026

Sustainable finance

Summary of our aspirations

M

Closing remarks

Bank Millennium has a **long-standing track record of strong growth**, with ~9% CAGR 2018-23 for total assets¹ and ~10% CAGR 2018-23 for number of active retail customers¹

During the **last strategic cycle**, we have **delivered on our ambitious targets despite external headwinds** (e.g. high inflation, geopolitical tensions, regulatory and legal hurdles)

We have proven that we can **outperform our competition** owing to our distinctive capabilities: **top customer experience, leading technological innovation, excellent Millennium team**, the embracing of **sustainability**

Over the next four years, **Poland's economy should remain on a trajectory of solid economic growth** (3-4% annual GDP growth) and improving fundamentals. We expect Polish market to remain an **attractive environment for banks**.

In **corporate banking** our ambitious strategy aims at **doubling the scale of our business** by targeting **mid-corporates** with a **new service model** and a **streamlined / digital credit process**, unlocking leasing's full-potential and through a dedicated approach to small businesses

In **retail banking** we plan to **extend growth**, reaching **3.7 million active customers**, by continuing to build on our market-leading quality of service, digital-first customer experience and proven customer acquisition approach

We will maintain our **strong cost discipline** (C/I of 37% in 2028) and continue to focus on **risk management** (NPL ratio <4% 2028) as well as **capital solidity (Tier 1 of ~15% in 2028) in order** to deliver **higher profitability** (ROE ~18% in 2028) and resume **dividend distribution from 2027²**

We aim to double scale of corporate while maintaining retail growth

Ambition

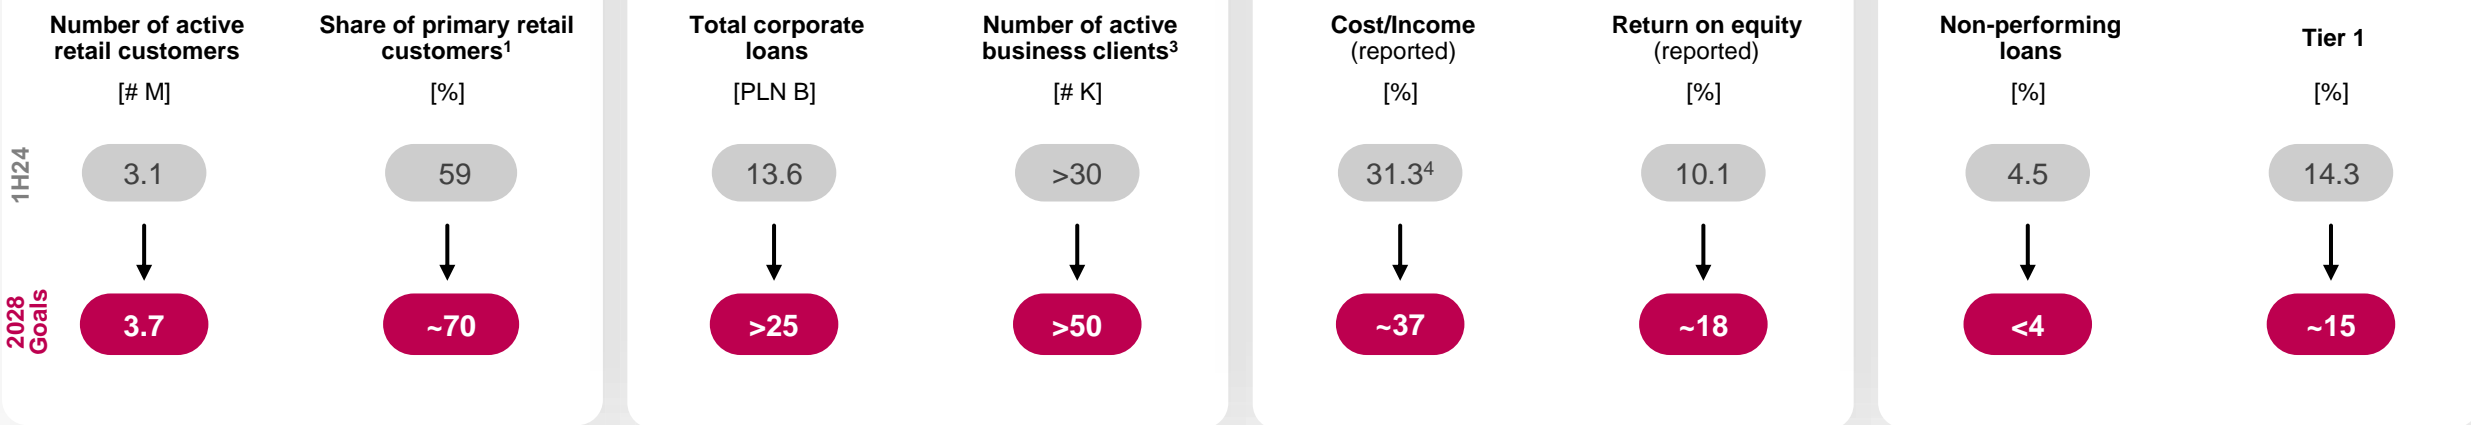

We embrace innovation, digitally delivering top-quality services, to be the primary bank for individuals and companies in Poland

Keep growth in retail banking leveraging primary relationships...

and doubling business scale in corporate banking...

to ensure sustainable profitability and generate long-term value for shareholders...

...while securing a solid risk and capital position.

Additional goals

Leader in corporate and retail NPS

Digital business model >95% digital active clients

Maintain Top Employer status

Return to dividend payments from 2027²

People and culture development

Technology & Resilience

Digital & operating efficiency

Compliance & Risk Management

Sustainability

1) Primary individual customers defined as customers (18+ y.o.) who use Millennium Bank as their main bank and meet certain transaction, product penetration and portfolio value thresholds
 2) Dividend to be paid based on 2026 profits, contingent on regulatory environment
 3) Total number of Small Business and Mid Corporate clients segment, excluding SOHO (Sole Traders) companies reported in retail segment.
 4) Excluding credit holidays, FX mortgages related costs and linear amortisation of BFG charge.
